Sealed and Electronic Bids

Sealed bids for each series of Bonds, submitted in separate *sealed* envelopes and marked either "Series 2002B Bond Bid" or "Series 2002C Bond Bid," will be received by the undersigned budget director, Office of Budget and Financial Planning of Johnson County, Kansas, at the Johnson County Administration Building, 111 S. Cherry, Suite 2300, Olathe, KS 66061-3441, until 9:30 a.m. Thursday, November 21, 2002, for the purchase of all of the county's \$14,845,000 principal amount of Internal Improvement Bonds, Series 2002B, and all of the county's \$8,615,000* principal amount of Library Improvement Refunding Bonds, Series 2002C (the Series 2002B Bonds and the Series 2002C Bonds, collectively, the bonds), as hereinafter described. Electronic bids for the purchase of all of the Series 2002B Bonds and for the purchase of all of the Series 2002C Bonds will only be accepted through Bidcomp/Parity (PARITY) electronic bid submission system. Each bidder shall be solely responsible for making the necessary arrangements to access PARITY for the purpose of submitting its electronic bid in a timely manner and in compliance with the requirements of the complete notice of bond sale. If any provisions in this statutory notice of bond sale conflict with information provided by PARITY, this statutory notice of bond sale will control. Further information about PARITY, including any fee charged and registration requirements, may be obtained from PARITY, 395 Hudson St., 3rd Floor, New York, NY 10014; Customer Support, (212) 404-8102. The county assumes no responsibility or liability for bids submitted through PARITY. The county is using the services of PARITY solely as a communication mechanism to conduct the electronic bidding for each series of bonds. PARITY is not an agent of the county. All bids will be publicly opened on the date and at the time set forth above and acted upon by the Board of County Commissioners of

Johnson County, Kansas, at 2:30 p.m. or soon as thereafter practicable, on said sale date. No oral, telephone, telefax or auction bids will be considered. Bids for the Series 2002B Bonds shall not be less than \$14,696,550, plus accrued interest on the total principal amount of the Series 2002B Bonds to the date of delivery. Bids for the Series 2002C Bonds shall not be less than \$8,546,080, plus accrued interest on the total principal amount of the Series 2002C Bonds to the date of delivery.

The county reserves the right, after bids are opened and prior to award, to increase or reduce the principal amount of the Series 2002C Bonds. Any such increase or reduction will be made in multiples of \$5,000 in any of the maturities. In the event the principal amount of the Series 2002C Bonds is increased or reduced, any premium offered or any discount taken by the successful bidder will be increased or reduced by a percentage equal to the percentage by which the principal amount of the Series 2002C Bonds is increased or reduced. The county has established a minimum level of interest savings desired for this refunding. If that minimum is not met through the competitive bids received on November 21, 2002, the county may reject all bids for the Series 2002C Bonds.

Bond Details

The bonds will be in book entry form only. The bonds will be issued in the denomination of \$5,000 or any integral multiple thereof; will be dated December 1, 2002; will be issued in the principal amount of \$14,845,000 for the Series 2002B Bonds and \$8,615,000* for the Series 2002C Bonds; and will become due serially on September 1 in each of the years as follows:

**Maturity Schedule

| 2011 | 745,000 |
| 2012 | 725,000 |
| 2013 | 425,000 |

Delivery and Payment

The bonds will be delivered to the successful bidder(s) properly prepared, executed and registered without cost within approximately 30 days after the date of their sale in New York, New York.

Good Faith Deposit

A good faith deposit in the form of a certified or cashier's check or financial surety bond in the amount of \$296,900 must accompany each bid for the Series 2002B Bonds.

A good faith deposit in the form of a certified or cashier's check or financial surety bond in the amount of \$172,300 must accompany each bid for the Series 2002C Bonds.

Costs

The county will pay the cost of printing the bonds and the expense of all legal services, including the opinions of Stinson Morrison Hecker LLP, bond counsel, approving the legality of the bonds and the exclusion of the interest thereon (with specified minor exceptions) from federal and Kansas gross income taxes.

Assessed Valuation and Indebtedness

For the computation of the debt limitation relating to the Series 2002B Bonds, the assessed valuation of the taxable tangible property within the county as of October 2, 2002, is \$6,843,045,219. The total general obligation bonded indebtedness of the county as of the date of the Series 2002B bonds, including \$10,415,000 principal amount of the Series 2002B Bonds, is \$16,110,235. \$4,075,000 principal amount of the Series 2002B Bonds is exempt from the general obligation debt limitation and \$355,000 principal amount of the Series 2002B Bonds is exempt from the general obligation debt limitation and is subject to a special debt limitation pursuant to K.S.A. 3-304.

For the computation of the debt limitation relating the Series 2002C Bonds, the assessed valuation of the taxable tangible property within the county except such real and personal property that is located within the city limits of

the City of Olathe, Kansas, and the City of Bonner Springs, Kansas, as of October 2, 2002, is \$5,812,051,340. The total library bonded indebtedness as of the date of the Series 2002C Bonds, excluding the Series 2002C Bonds, which are exempt from the library debt limitation, is \$19,180,000. A portion of the proceeds of the Series 2002C Bonds will be used to retire \$8,235,000 of the outstanding principal amount of the county's library improvement bonds.

Additional Information

A complete notice of bond sale, official statement and bid forms approved by the county will be mailed to all interested parties. Additional information regarding the bonds may be obtained from the financial advisor, Springsted Incorporated, at (651) 223-3000; or the county's budget director, Johnson County Budget and Financial Planning, at (913) 715-0551. Bidders may be required to be qualified in a manner established by the county before submitting a bid. Arrangements may be made with the financial advisor to deliver a sealed bid for each series of bonds to the county.

Legal: S½, SW¼, NW¼, and NE¼, NW¼, SW¼, S29, T7S, R19E, Jefferson County

Facility Description: The proposed action is to modify and reissue a permit for operation of an existing wastewater treatment facility treating primarily domestic wastewater. The purpose of the modification is to provide for the construction of a third cell to the existing lagoon system. The proposed permit includes limits for biochemical oxygen demand, total suspended solids and pH. Monitoring of fecal coliform and ammonia also will be required. Included in this permit is a schedule of compliance requiring the permittee to make necessary improvements to achieve compliance with its permit. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are technology based.

Facility Name: Northeast Plant

Facility Location: 3600 N. Hydraulic, Wichita, KS 67219

Kansas Permit No. I-AR94-CO10

Federal Permit No. KS0054267

Facility Description: The proposed action is to reissue an existing permit for a discharge of noncontact cooling water. This facility manufactures outdoor camping equipment, lanterns, camp stoves, jugs and ice chest coolers. City water used for noncontact cooling of 10 rotovac plastic molding machines, the swamp coolers on the roof, roof drains and some stormwater runoff from the surrounding ground is directed to an earthen retention pond. No cooling water additives are utilized. Total discharge from this facility, excluding stormwater runoff, is about 18,000 gallons per day. Noncontact cooling water from air compressors, sheet extruders, blowmolds, brazing ovens and resistance welding is directed to the cooling towers. Cooling tower blowdown and domestic wastewater are discharged to the sanitary sewer. The proposed permit includes generic water quality language to protect waters of the state. The permit requirements are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28-16-28(b-f), and Federal Surface Water Criteria, and are water-quality based.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of Glenda Newquist for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before December 14 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-02-284/293, KS-02-163/164) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays, 67601-2651, (785) 625-5664

North Central District Office, 2501 Market Place, Salina, 67401-7699, (785) 827-9639

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Williams Gas Pipelines Central has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Williams Gas Pipelines Central, Owensboro, Kentucky, owns and operates a natural gas compressor station located at Section 34, Township 10 South, Range 21 East, Leavenworth County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and at the KDHE Northeast District Office, 800 W. 24th St., Lawrence. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; or Pat Simpson, (785) 842-4600, at the KDHE Northeast District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received by the close of business December 16.

(continued)

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Connie Carreno, Bureau of Air and Radiation, not later than the close of business December 16 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Request for Comments

The Kansas Department of Health and Environment is announcing its intent to issue an air quality construction permit to National Cooperative Refinery Association (NCRA) for installation of a proposed clean fuels project. NCRA owns and operates a refinery located at 1391 Iron Horse Road, McPherson. The proposed project will include modification of equipment in its vacuum unit, delayed coking unit (coker), amine unit, fluid catalytic cracking unit (FCCU), platformer, several storage tanks and two of its hydrotreating units (diesel and distillate). New equipment installed will include a sour water stripper, hydrogen unit, sulfur recovery unit, uncracking unit and several storage tanks. The modifications will allow an increase in the crude feed to the refinery and will enable NCRA to comply with the Tier 2 gasoline standard (30 ppmw sulfur) and ultra low-sulfur diesel standard (15 ppmw sulfur) by June 1, 2006.

The proposed permit is to be issued in accordance with the provisions of K.A.R. 28-19-17, prevention of signifi-

cant deterioration (PSD), which adopt the federal standards, procedures and requirements of 40 CFR 52.21 by reference. These air quality regulations apply to major stationary emission sources located in areas designated as "attainment" under the federal Clean Air Act (CAA). Attainment areas are areas where the air quality meets or exceeds the national ambient air quality standards (NAAQS).

The PSD regulations require evaluation of emission reduction techniques to identify the best available control technology (BACT) for each pollutant for which the emission rate exceeds the PSD significant level. The purpose of BACT is to effect the maximum degree of reduction achievable, taking into account energy, environmental and economic impacts for each pollutant under review. Evaluation of the estimated emissions for the proposed clean fuels project indicates that the emission rate of oxides of nitrogen, sulfur dioxide, carbon monoxide, particulate matter and volatile organic compounds all exceed the significance levels. NCRA conducted the required BACT analyses. The department has reviewed NCRA's BACT analyses and concurs with its findings that dry low NOx burners, good combustion practices, use of low sulfur refinery fuel gas, leak check detection programs and various good operating practices is the BACT for the clean fuels project.

The PSD regulations also require an evaluation of the impacts, if any, that emissions from the proposed modifications may have on the ambient air quality, visibility, vegetation and soils. NCRA has conducted the required analyses in accordance with methods approved by the U.S. Environmental Protection Agency. The results of the analyses conclude that there should be no significant impacts on the ambient air quality, visibility, local vegetation or soils.

A public comment period has been established until December 20 (unless extended by the hearing officer) to allow citizens the opportunity to express any concerns or comments they may have about this permitting action. A public hearing will be conducted by KDHE at 7 p.m. Thursday, December 19, at the McPherson Community Building, 122 E. Marlin, McPherson, to receive comments on the proposed issuance of an air quality construction permit. All comments should be submitted in writing to Connie Carreno, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, or provided in oral and/or written form at the public hearing.

A copy of the proposed permit, the permit application and the information relied upon during the permit application review process is available for public review during normal business hours (8 a.m. to 5 p.m.) at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; at the KDHE North Central District Office, 2501 Market Place, Salina; and at the McPherson Municipal Center, 400 E. Kansas Ave., McPherson. Questions about the draft permit should be directed to Dana Morris at (785) 296-1578 or to Ralph Walden at (785) 296-1583. To review the proposed permit and supporting documentation, or to obtain copies, contact Connie Carreno, (785) 296-6422, at the KDHE central office; Rick Brunetti, (785) 827-1544, at the KDHE North Central District Office;

or the staff at the McPherson Municipal Center, (620) 245-2535.

Notice of Hearing

The Kansas Department of Health and Environment has prepared a proposed Kansas Water Pollution Control Permit, A-KSNM-B003, for Ron Burdick, located near Wetmore. The proposed permit is for the confined feeding of 700 head of cattle weighing more than 700 pounds (700 animal units) and 500 head of swine weighing more than 55 pounds (200 animal units) for a total of 900 animal units. The proposed facility location is in the NW/4 of Section 1, Township 5S, Range 14W in Nemaha County. The public was informed of the availability of the proposed permit for Ron Burdick through Public Notice No. KS-AG-02-237 dated September 19, 2002. A public hearing has been scheduled in conformance with Kansas Administrative Regulation 28-16-61.

A public hearing on KDHE's intention to issue the proposed permit will be at 6 p.m. Wednesday, December 18, at the American Legion Hall, 329 2nd St., Wetmore.

Copies of Ron Burdick's application, the proposed KDHE permit and other pertinent documents may be requested by contacting Glenda Newquist, Kansas Department of Health and Environment, Bureau of Water, Live-stock Waste Management Section, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, (785) 296-6432 or fax (785) 296-5509. Appropriate copying charges will be assessed for each request.

Persons may comment on the proposed permit at the public hearing or may submit written statements to the address above by December 18. It is recommended that persons wishing to present oral testimony at the public hearing supply the hearing officer with a written copy of the testimony.

Any individual with a disability may request accommodation in order to participate in the public hearing process and may request the proposed permit in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting KDHE at the address above.

The Secretary of Health and Environment will make a final permit decision after consideration of all requirements of state statutes and regulations and comments received during the public notice and public hearing processes.

| January 22 | 7 to 10 p.m. | Independence Civic Center 410 N. Pennsylvania at Locust Independence |

Background

In accordance with 40 CFR 131.20 and the Clean Water Act, states shall conduct a review of their water quality standards from time to time, but at least once every three years. This year, 2002, marks the beginning of a triennial review period for the Kansas Water Quality Standards. To help identify key issues for this triennial review, KDHE enlisted the assistance of a focus group. The focus group consisted of 13 individuals from government, agriculture, environmental, technical and industry groups who defined six key issues related to the Kansas Water Quality Standards. KDHE has written *White Papers* on those six issues. The *White Papers* provide background on the issues as well as different options available to address the issues. The *White Papers* are intended to give focus to the review process by providing the public with background information on the key issues identified by the focus group. It is anticipated the public will review the white-paper issues and provide comment on the manner the issues can be addressed in future modifications of the Kansas Water Quality Standards. **KDHE wants to make it clear the public will not be precluded from having an opportunity to comment on issues outside those addressed in the *White Papers*. They will have that opportunity during the public meetings.**

Upon completion of the public meetings, KDHE will evaluate all comments received and begin a modification, if needed, of the Kansas Water Quality Standards utilizing the input received at the meetings. It is anticipated

(continued)

that modified Kansas Water Quality Standards will be proposed by September 2003. Modifications of the Kansas Water Quality Standards constitute changes in the Kansas Administrative Regulations, therefore, formal public hearings will be held to accept comment on any changes once they are proposed.

Copies of the *White Papers* or the current Kansas Water Quality Standards can be obtained by contacting Amy Williams, Bureau of Water, Kansas Department of Health and Environment, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367, (785) 296-5506, or by accessing the Bureau of Water Web site at <http://www.kdhe.state.ks.us/water/index.html>.

Persons wishing to comment on the Water Quality Standards may direct their comments to the attention of Amy Williams or provide comments at the public meetings. Due to the detailed nature of the Kansas Water Quality Standards, it is recommended that written comments accompany oral comments at the public meetings.

Any individual with a disability may request accommodation in order to participate in the public meetings. Request for accommodation should be made at least five working days in advance of the meeting by contacting Amy Williams.

Permanent Administrative Regulations

Article 1.—DISEASES

28-1-18. Notification of Kansas department of health and environment by laboratories of positive reaction to tests for certain diseases. (a) To assist in the control of disease in Kansas, each person who is in charge of a clinical laboratory shall notify the Kansas department of health and environment within 48 hours after testing, unless otherwise specified in this regulation, any specimen derived from the human body that yields microscopical, cultural, immunological, serological, or other evidence suggestive of those diseases that are significant from a public health standpoint.

(b) (1) Each notification shall include the following:

(A) The date and result of the test performed;

(B) the name of the person from whom the specimen was obtained;

(C) when available, either the date of birth or the age, and the address and telephone number of the person from whom the specimen was obtained; and

(D) when available, the name and address of the physician for whom the examination or test was performed, and any other information required by the secretary.

(2) A legible copy of the laboratory report delivered by confidential electronic transmission or mail, or a confidential telephone communication of the laboratory report

shall satisfy the notification requirement of this subsection.

(c) The conditions or diseases to which this regulation applies shall include the following:

(1) All diseases listed in K.A.R. 28-1-2;

(2) all blood lead level test results as follows:

(A) Blood lead level test results greater than or equal to 10 micrograms per deciliter for persons less than 18 years of age, and greater than or equal to 25 micrograms per deciliter for persons 18 years of age or older shall be reported within 48 hours; and

(B) blood lead level test results less than 10 micrograms per deciliter for persons less than 18 years of age, and less than 25 micrograms per deciliter for persons 18 years of age or older shall be reported within 30 days; and

(3) CD4+ T-lymphocyte count of less than 500 per microliter or a CD4+ T-lymphocyte percent of total lymphocytes less than 29.

(d) Isolates of positive cultures of the following microorganisms shall be sent to the Kansas department of health and environment, division of health and environmental laboratories, unless this requirement is waived under special circumstances by the secretary of health and environment:

(1) Salmonella;

(2) shigella;

(3) *Escherichia coli* O157:H7 and other enterohemorrhagic, enteropathogenic, and enteroinvasive *E. coli*;

(4) *Neisseria meningitidis*;

(5) streptococcal invasive disease from group A *Streptococcus* or *Streptococcus pneumoniae*; and

(6) *Mycobacterium tuberculosis*.

(e) All laboratory notifications required in this regulation shall be confidential and shall not be open to public inspection, as provided in K.S.A. 65-118 and amendments thereto. (Authorized by and implementing K.S.A. 65-101, K.S.A. 2001 Supp. 65-118, and K.S.A. 65-128; effective, E-68-22, Aug. 9, 1968; effective Jan. 1, 1969; amended May 1, 1986; amended Aug. 23, 1993; amended Jan. 12, 1996; amended Dec. 1, 1997; amended Feb. 18, 2000; amended, T-28-8-9-02, Aug. 9, 2002; amended Dec. 2, 2002.)
